Form 10-K for the Fiscal Year Ended December 31, 2019

Notes to Consolidated Financial Statements Note 8: Reserve for Losses and Loss Adjustment Expenses, page 101

1. On page 102 you disclose that loss and loss adjustment expense reserve redundancies of \$0.2 million in 2019

were related primarily to Texas homeowners' coverage; however, it

is apparent that your

loss development tables on pages 103 depict \$1.1 million of

favorable development

for your Homeowners' line and \$0.9 million unfavorable

development for your

Special Property lines. Please provide us proposed revised

disclosure to be

included in your upcoming 2020 Form 10-K that not only highlights this

offsetting development

but explains the underlying causes of each.

Reconciliation of Non-GAAP Financial Measures

Adjusted Net Income Excluding Catastrophe Losses, page 40

Please represent to us that you will not present your non-GAAP performance measure, adjusted net income excluding catastrophe losses, in your future annual or quarterly $% \left(1\right) =\left(1\right) \left(1\right) \left($

reports, earnings releases and/or any other material provided on your website or $% \left(1\right) =\left(1\right) +\left(1\right) +\left$

otherwise. In this regard, we note that you are in the business of writing insurance policies $% \left(1\right) =\left(1\right) +\left(1$

that specifically cover the catastrophe losses you remove in this ${\sf non\text{-}GAAP}$ performance

measure and that these claims are normal, recurring cash operating expenses. See question $% \left(1\right) =\left(1\right) \left(1\right$

100.01 of the Compliance and Disclosure Interpretations for Non-GAAP Financial $\,$

Measures, updated April 4, 2020. Note that you are not precluded from disclosing the $\,$

impact of catastrophe losses in, for example, the form of expense and/or combined ratios $% \left(1\right) =\left(1\right) \left(1\right) +\left(1\right) \left(1\right) \left(1\right) +\left(1\right) \left(1$

 $% \left(1\right) =\left(1\right) \left(1\right)$ that exclude catastrophe losses when accompanied by the appropriate expense or

combined ratio for catastrophe losses and in the aggregate.

or absence of action by the staff.
